MGC eSHOOTER

Summer Leagues have started.....

Well sort of. Due to the less than spring weather we've been having we've altered the time you have to get your league rounds in. We want to give everybody the chance to shoot all the targets and will give everyone until June 11th to get the scores in. All the scores shot so far are listed on the bulletin board in the kitchen area and we will post them on the website www.MplsGunClub.com. There have been some good scores turned in already, congrats to those with the 25 straights, and the way the leagues are structured your team needs everyone to post yours to get you placed in the proper bracket. Good luck!!!!

Ladies Day at MGC

We held this event for the first time last year, had a great turnout, and all the “new” shotgun enthusiasts went home with big smiles after breaking some clays. On May 25th MGC will again be hosting Ladies Day, where we will offer wives, girlfriends, acquaintances, shooting instruction consisting of classroom safety and range introduction, equipment, a break for lunch, then outside to shoot some targets. We’ll be limiting the class size to 20 ladies so we’ll be able to give the “students” the attention they need. Our goal is to make the ladies in attendance more comfortable with handling a gun, educate them about the shooting sports and have them break some targets. This is open to any lady that is interested and is FREE, compliments of MGC. She does not have to be a member’s wife, girl friend etc so get the word out. Mark will be taking names by phone, email, or at the front counter. This class filled up quick so sign up soon.

Volunteers Needed/Appreciated

Again this year, on June 1st & 2nd, MGC will be hosting a High School Pre State Trapshoot Warm-up.

This event gives the High School participants that have been shooting leagues this spring a chance to experience a “big shoot” environment before they go to Alexandria for the 2013 High School Trapshooting Championship the next weekend. We could use some of you to help score the rounds and keep everything moving. Nothing strenuous and it will give you an up close chance to see the kids participating head to head in the most well attended high school sport in the state. We will have enough staff on hand so you won’t be stuck in one spot all day. Check your schedule and give Mark a call to let us know if you can help us out for a few hours that weekend. Thanks in advance. 952-469-4386

MGC Improvements

Warm weather is here and it's time to start getting projects going. There will be a building built on the south west end of the parking lot. This structure will be used to house the many truck loads of targets we use and other items we need to keep clean and dry. The current storage shed will be gutted and have a remodeled interior. There are windows being installed in the porch in the upper floor of the clubhouse. The Skeet high house on field 3 will be extended and the space will be used to house targets/equipment and blend in with the other structures. The Skeet houses are in need of staining again. The excavation of the shooting fields needs to be finished. Over the summer we will be spreading class 5 gravel to improve the parking area that isn't paved and the road going to the west end fields. And about a hundred other things but if we get all this done this summer we'll be sitting pretty well.

Components for sale

Due to some organized planning by Mark, we were able to get a lot of components for our member sale that still aren't available through some outlets. We were backordered on some items that we kept on order and have now received. We are offering them to our members at very good prices.
